

Experiences of the projects advocating for energy transition in the Western Balkans

Description

This workshop session will provide an overview of experiences and state-of-the-art of developments in advocating for energy transition in the countries of Western Balkans and Croatia. Academic and expert speakers from all countries will be gathered in the session to share their experiences on planning, advocating for, and implementing the energy transition. Also, critical link between the transition in the power sector and the decarbonization of road transport sector will be elaborated and discussed.

Speakers

- Prof. Goran Krajačić (University of Zagreb, Faculty of Mechanical Engineering and Naval Architecture)
- Mr. Hrvoje Dorotić (University of Zagreb, Faculty of Mechanical Engineering and Naval Architecture– EUKI SEEETD)
- Mr. Antun Pfeifer (SDEWES Centre – EUKI AaCTA)
- Prof. Igor Vušanović and Mr. Boris Hrnčić (University of Montenegro, Faculty of Mechanical Engineering)
- Dr. Ilija Batas Bjelić (Serbian Academy of Sciences and Arts)
- Prof. Mirza Kušljugić (University of Tuzla, Faculty of Electrical Engineering, Bosnia and Herzegovina)
